

# HOW LEASE ACCOUNTING IMPACTS YOUR BUSINESS

ASC842 - IFRS16

## COMPLIANCE Acct

Integrating new US GAAP/IFRS requirements into existing lease accounting and management processes.

## VALIDATION

The bulk upload and application of all required lease record changes, with test and verification.

## DISCLOSURE STATEMENTS

Updating disclosure process and reporting templates to reflect ASC 842 changes.

Leaseology ensures your success:

## LEASE RECORD AUDIT

The analysis required to identify non-compliant lease records and prepare a remediation strategy around each individual record.

## EBITDA

Analysis required to review lease liability, structured as long term liability, as well as understanding interest expense and long term debt in your EBITDA reporting.

## LEASE MANAGEMENT

Automation, change management, security and controls.

## WE CAN HELP

Leaseology makes lease management simple. We offer a complimentary 1-on-1 Lease Assessment. Schedule yours today and let's see if we can help.
